Subject: 1528 W. Kearney - USTs

I checked on this site in our tanks database and it was listed as the former B&C Auto property with 4 USTs. The closure page states that they were removed in the fall of 1991 (report submitted 12-13-91). All four tanks removed, supposed to have been fairly clean.

Let me know if you need anything else on this corner.

Investigation Results

7/13/90 I CONTACTED THE OPERATOR OF THE CAR LOT LOCATED AT KANSAS AND KEARNEY. HE DID NOT ADMIT TO DUMPING OIL IN THE STORM SEWER. NO EVIDENCE OF OIL DUMPING IN THE STORM DRAINS WAS OBSERVED. THE MANAGER SAID HE DOES NOT CHANGE ANY OIL IN HIS CARS BUT DOES WHEN HE OVERHAULS MOTORS. HE STATED HE PUTS THE USED OIL IN THE TRASH DUMPSTER INSIDE ONE GARAGE BAYS. I ADVISED HIM THAT THIS WAS NOT PROPER DISPOSAL. HE COULD LEAVE IT TO ONE OF THE GARAGES OR MACHINE SHOPS THAT BURN USED OIL FOR HEAT VALUE. HIS QUANTITY OF GENERATION IS BELOW WHAT RADIUM WILL PICK UP.
